Bilateral Meetings

- Tuesday 16:00 - 18:00

Description

Our work region is the "Toy Valley", a geographical area that comprehends the towns of Biar, Castalla, Ibi, Onil y Tibi. Our associates are part of the plastic, metal, mould and toys (and childcare) sectors. We always welcome all those companies that want to be a part of the association. At CEIV we work since 2009 hand by hand with our associates in order to foster the growth of our region, strengthening the industry and leading the technological change. Our main goals are: Innovation - Promote and ease the access to R&D Cooperation - Ease the cooperation between associates and make easier the networking with external agents Internationalization - We work to contribute with the internationalization of our associates Growth - All the actions are made with the purpose of strengthen and foster the economical and social growth of the region
