

# Marcel Wilms

## Research Fellow

Fraunhofer Institute for Production Technology IPT

<http://www.ipt.fraunhofer.de>

## Bilateral Meetings

- Tuesday 16:00 - 18:00

### Description

The Fraunhofer Institute for Production Technology IPT in Aachen was founded in 1980 with the mission of conducting application-oriented research and development in the field of production technology. The Institute offers a work space of more than 9000 m<sup>2</sup>, from which 3500 are designated for the shop floor and laboratory facilities, where state-of-the-art projects are developed. The structure of the Fraunhofer IPT offers solutions to highly specific problems as well as problems that require integrated system-wide solutions. This is done by combining interdisciplinary contributions from the fields of process technology, machine and control components, metrology, quality management, technology planning and organisation. The Fraunhofer IPT has over 100 highly qualified scientists and 50 technicians available.

### Organization Type

University, Consultant,

Offer

## Collaboration / Consulting in (H2020) Projects in the field of Tooling, AM and Technology Management

We at Fraunhofer IPT offer a wide range of expertise in the field of tool and die making and metal based Additive Manufacturing.

### Cooperation Offered

1. R&D Co-operation
2. Technical co-operation

Idea

## Adaptive Process Chains

We are looking for partners to collaborate in research and development projects to improve adaptive process chains and for implementing a modular factory in tooling
